Re: Acceptance of Notice of Intent to Commence Small Mining Activities, Limestone Ridge, S/037/081, San Juan County, Utah

Dear Mr. Holliday:

The Division received your correspondence concerning the Limestone Ridge mine on December 27, 1993. Based on the letter from State Lands and Forestry, dated December 22, 1993, you have met the conditions outlined in our original July 26, 1993 letter to you; which required that you obtain an approved lease prior to mining. The Division hereby accepts your July 22, 1993 Notice of Intent to Commence Small Mining Operations.

I have attached a list of reclamation practices, which you will need to refer to regarding the mining and eventual reclamation activities at the Limestone Ridge site. You indicated that you would like to know what the requirements would be, based on item #3 of the State Lands and Forestry letter. The list of reclamation practices should address this question.

Thank you for completing the steps required for filing a Notice of Intent. If you have further questions, please call me or Wayne Hedberg.

Sincerely,

Holland Shepherd
Senior Reclamation Specialist
